

In Some Schools, Kids Are Exposed To More Than Their Lesson Plans.

At Elkay®, we want to help kids have access to cleaner drinking water. Our filtered ezH2O® bottle filling station featuring our WaterSentry® filters help do just that by meeting NSF/ANSI standards for lead reduction and more. So let's put cleaner, healthier water within everyone's reach.

One Source for More Hygienic Hydration

Elkay products feature WaterSentry® filtration systems. These reliable filters are tested and certified to NSF/ANSI 42 and 53 for the reduction of lead, cysts and other harmful contaminants from incoming water.¹ This helps you deliver cleaner, healthier drinking water.

Filtered Bottle Filling Stations

Our bottle filling stations provide a convenient and more hygienic solution for hydration, with many models now featuring completely hands-free operation. Touch-free sensor activation minimizes contact with the surface promoting healthier hydration. Cleaner water, clean hands, and less plastic bottle waste.

Filtered Coolers and Fountains

Select water coolers and fountains now feature sensor-activated push bars to activate waterflow. Enjoy filtered water completely hands-free: it's a truly refreshing solution.

Vandal-resistant Retrofit Kits

Our vandal-resistant water filtration kits are great for use on existing non-filtered water coolers, fountains and bottle fillers and include:

- Vandal-resistant Box
- WaterSentry Filter
- Filter Monitor and Alert
- Versatile Mounting Options

Filtration Solutions

Keep your unit delivering cleaner, healthier water with our replacement water filters. Or convert your non-filtered unit to a filtered unit when you purchase an Elkay Retrofit Filtration System Kit.

Our water filters can be installed on:

- Bottle Filling Stations
- Classroom Bubblers
- Coolers and Fountains
- Glass Fillers
- Classroom Sinks
- Faucets (under the counter; cold water only)

Elkay is your single source for filtration solutions, including vandal-resistant retrofit kits, WaterSentry filters and retrofit filtration system kits.
